WORKSPACES

iQ
WORKSPACE

We create intelligent workspaces with innovative office furniture

Our philosophy of Intelligent Workspaces is born from research that found a direct correlation between the quality of an office environment and workforce productivity. Our main aim is to create a healthy, happy and affordable working environment for our customers

Working directly with office furniture manufacturers iQ Workspace are able to offer our clients unbeatable value coupled with our critically acclaimed office space planning and furniture installation services. As such, we've gained an enviable reputation within our industry, delivering unique, innovative and flexible solutions in both private and public sectors serving many prominent organisations across East Anglia, the Midlands and Home Counties.

Our mission is to make your life as easy as possible, both in designing your workspace, choosing your office furniture and enjoying the results afterwards.

Our team of industry professionals have over 30 years experience in the commercial furniture and space planning sectors, both dealer and manufacturer side. We help you optimise your office space to enhance collaboration, encourage communication and boost productivity.

“ Just to say a big ‘thank you’ to Stuart who has installed today the most beautiful desks and chairs for us, in a quiet and focused manner. This was preceded by great customer service in terms of Gary visiting our site to understand our requirements, helping us choose appropriate and durable products and Ian designing virtual plans to help us visualise the outcome. Throughout the process we were guided by what felt like a real business partner not a just a supplier.”

– OPERATIONS MANAGER, RESEARCH FACILITY

Innovative furniture

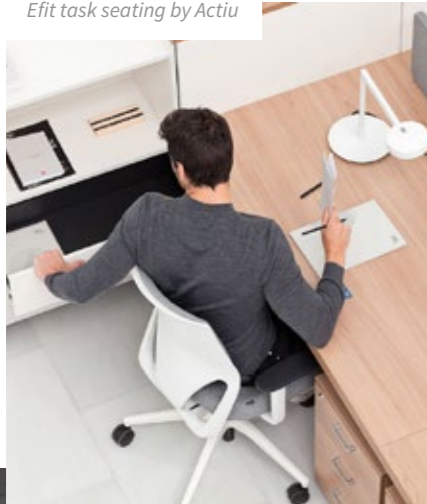

Enhance collaboration + boost productivity

Our high-quality office furniture products come from a broad range of design led factories and brands, predominantly in the UK and Europe, but we go as far afield as is needed to bring you the most beautiful and functional furniture and supporting accessories for the best value and satisfying experience.

“ iQ Workspace has been my go-to provider for office furniture and accessories since the beginning. They are professional, industrious, supportive and responsive in ways that no other supplier has been. The team are proactive and efficient, providing an insight into the latest developments and solutions with timely and purposeful recommendations for making the best use of our accommodation. I would not and do not hesitate to recommend them whenever asked and look forward to a great future relationship with total confidence.”
