POTENTIAL OF YOUR  
WORKSPACE.**

# WHO WE ARE

Based just outside of Norwich and covering Norfolk, Suffolk, Cambridgeshire, Essex, the Midlands, and Home Counties, we're more than just an office furniture company—we're your partners in creating the ideal workspace.

With a dedicated team, we strive to craft environments that effortlessly promote well-being, productivity, and affordability.

Our mission? To simplify your journey, from conceptualising designs to selecting furniture, and beyond.

Join our community of satisfied customers and redefine your workspace with us.

# WHAT WE DO

## Consultancy & Planning

In the fact-finding stage, we collect vital data to create proposals that both excite and accommodate customers. This includes site surveys, space planning and detailed work programmes.

## Visualisation & Design

The design process is exciting and filled with ideas. We'll craft a 3D image of your office, and you'll join us for regular check-ins to ensure we're aligned with your vision.

## Choosing Furniture

Next, we select the right office furniture for you and your team. Through strong partnerships with top manufacturers, we offer a diverse portfolio that meets your criteria with choice, value, and confidence.

## Installation & Delivery

Once we've worked our design magic, it's over to our project managers and installation team to turn your concept into reality. Our installation team is unique in our industry in that they are all manufacturer trained.

# CONTACT US

Ready to empower your team with a dynamic workspace tailored to their needs? Let us guide you through the process of planning, designing, and seamlessly installing your office environment, no matter the size of your organisation.
